SUMMARY

Computer Science graduate (Magna Cum Laude) from Universitas Klabat with strong expertise in Mobile Apps, Web Development, AI Integration, and Tech Education. Proficient in React, React Native, Python, and AI-assisted coding, with hands-on experience in full-stack development, Google Play deployments, and mentoring. Recognized as an adaptive problem solver, communicative, and skilled in cross-team collaboration.

PROFESSIONAL EXPERIENCE

- **FREELANCE WEB & MOBILE DEVELOPER 2024 - Present**
 - Built custom web or apps and accelerated development lifecycles using AI tools (Claude, Stitch, Gemini, Etc).
- **ICT TEACHER - SMA Citra Kasih August 2025 - June 2026**
 - Instructed 80 students in total (Grades 10-12) in advanced Computer Science concepts, including Python programming, Data Science (EDA, visualization).
 - Taught applied Machine Learning, NLP, and Generative AI, guiding students to develop functional LLM-based chatbots and object detection projects.
- **FULLSTACK DEV & DEVOPS - MANADO POST July 2024 - January 2025**
 - Collaborated in an agile team of 8 people (Backend, Frontend, QA) to develop and integrate an AI chatbot feature into a React Native mobile application.
 - Managed end-to-end Play Store deployment, ensuring a stable release and seamless chatbot integration for an app with over 10,000 downloads.
- **ASSISTANT LECTURER - KLABAT UNIV 2022- 2025**
 - Mentored 500 students in total for the Computer Programming class and evaluated assignments via Google Classroom.

PROJECT HIGHLIGHTS

- **Student Fitness Tracking Platform (PE Class)**
 - Developed a Strava-inspired tracking platform using React, featuring a dynamic web dashboard for teachers to efficiently monitor and evaluate students' physical activities.
- **Digital Graduation Invitation Platform**
 - Created an interactive and responsive web-based digital invitation built with React to streamline the 12th-grade graduation ceremony registration process.
- **Student Council (OSIS) E-Voting System**
 - Developed a secure, fast, and transparent web application using React to facilitate a streamlined student council election process.
- **Stunting Case Monitoring Application**
 - Built a data-driven mobile application utilizing React Native to track and visualize stunting cases across North Minahasa to support health evaluations.
- **Manado Post App & AI Chatbot Integration**
 - Integrated an intelligent AI chatbot into a React Native mobile app alongside rigorous debugging and system performance optimization.

EDUCATION

Bachelor of Computer Science - Universitas Klabat 2021 - 2025

- Graduated with Magna Cum Laude distinction (GPA: 3.82).
- Mentored university students in learning Computer Programming (Python) as an Assistant Lecturer and evaluated assignments via Google Classroom.

ACHIVEMENT

- 3rd Place - Indoneris National Essay Competition 2024
- 3rd Place - Klabat University Research Competition 2025
- 5th Place - Inovation project sekolah citra kasih 2026

ADDITIONAL INFORMATION

- Skill: React, React Native, Python, AI-Assisted Coding, DevOps (Play Store), Git/GitHub, Canva.
- Soft Skill: Analytical Thinking, Problem Solving, Teamwork, Good Communication.
- Languages: English (intermediate), Indonesian (Native).
